What can we offer that other providers can't?

rdavis@foregenix.com - 2020-05-14 - Comments (0) - FGX Web Lite

We offer the most up-to-date and powerful website threat detection scanners in the market. Alongside the scanners, you have the support of our Threat Intelligence Group (TIG), one of the most active Digital Forensics and Incident Response teams in the world.

Furthermore, most FGX-Web plans come with a Breach Protection Warranty in the case of a breach. Terms and Conditions apply.
